

Ref No: **J15190-1**

AUSTRALIAN LIFT COMPONENTS
5 Saggart Road
Minto, NSW 2566.

Date: 1th December 2015

Attention: Mr. Brad Newell

TOP OF CART HANDRAILS
LOAD STATEMENT

We certify that we have checked the design of the "ASSEMBLY DRAWINGS TOP OF CAR HANDRAILS" on behalf of Australian Lift Components and conclude that the handrail can withstand 550 Newton force in all directions without failing.

In the drawings supplied the component must be made from:

CHS STEEL GRADE – C350
SHS STEEL GRADE – C350

All connections must be full continuous fillet welds (SP category) unless noted otherwise in the drawings.

This certification shall not be constructed as relieving any other party of their responsibilities, liabilities or contractual obligations.

We trust that this information is sufficient for your requirements. Please do not hesitate to contact the undersigned should you require any further information.

Yours sincerely,

Trang Imagineering Pty Ltd
